IPA Burkina Faso Meets with the Minister of Health of Burkina Faso

Research Associate Sekou Keita and Research Manager/Interim Country Director Estelle Plat of IPA Burkina Faso met with the Minister of Health of Burkina Faso, Nicolas Meda, in order to talk about their project Burkina Family Aspirations and Behaviors (B-FAB). The Minister expressed interest in evidence-based projects and would like IPA's input on some of the projects he might be implementing in Burkina Faso. He was particularly interested in IPA's partnership with the Ministry of Health's Knowledge Management and Transfer Unit.
