Do you have a passion for making data-driven decisions a reality in the international development sector? Are you interested in learning more about how data and evidence can be used to improve the lives of the most vulnerable people around the world? Do you have experience using SurveyCTO, Stata, or R? Do you have at least three years of experience in research in the areas of Agriculture, Consumer Protection, Education, Entrepreneurship, Private Sector Development, Financial Inclusion, Health & Nutrition, Human Trafficking, Intimate Partner Violence, Peace, Recovery, and Social Protection and are looking for a new exciting opportunity to make a difference? Join us on August 22nd for a virtual informational session. During this event, you will have the opportunity to:

- Learn about IPA's mission
- Connect with some of our amazing research staff around the world
- Explore research career opportunities at IPA

We're seeking experienced, curious, analytical, self-starters with an ability to learn in a fast-paced environment to help us deliver on our promise of using evidence-based research to inform policy. Will you join us?

We currently have research opportunities in the following roles:

- Research Associate
- Research Analyst
- Associate Research Manager

- Research Manager
- Qualitative Research Analyst
- Senior Research Associate

We welcome applicants with diverse backgrounds to attend this event. *We strongly encourage applicants with a degree in economics, political science, public health, public policy, or related fields to attend. A graduate degree is strongly preferred as well as having more than 2-5 years of experience managing/leading research projects and strong quantitative and qualitative analytical abilities.* If this is you, we invite you to submit your CV/LinkedIn profile with our registration. **Click [here](#) to register.**

As a truly global organization with 20 country offices, IPA's research spans multiple locations across Asia, Africa, and Latin America. Visit our website to learn more about [where we work](#) and visit our [careers website](#) to learn more about these opportunities.
