

Field Auditor

Position Summary

Program, launched in 2020, is intended to serve as a bridge between immediate disaster relief, humanitarian response, and early recovery support. It is the first institutional and unconditional post-disaster cash transfer intervention of the DSWD. IPA will conduct a rapid randomized controlled trial (RCT) process evaluation. The process evaluation primarily aims to understand the implementation processes and challenges as well as beneficiary experience of the ECT Program of the DSWD to provide DSWD with actionable insights for program improvement. The study will also test the impact of providing timely information on beneficiaries' cash transfer usage and subsequent well-being. There will be two rounds of qualitative and quantitative data collection. For the 1st round, there will be a series of focus group discussions and key informant interviews with local government units and DSWD field offices and one (1) quantitative survey targeting 100 respondents. The Field Team will be composed of one (1) Field Manager, one (1) Field Coordinator and four (4) Field Officers / Enumerators.

The Field Auditor (FA) will assist in the quantitative data collection under the guidance and monitoring of the Research Associate and Field Coordinator.

Responsibilities

The FA will be expected to:

- Actively participate and pass all assessments in the training of field staff
- Assist in the translation of the survey questionnaire, if needed
- Provide feedback on the translation and programming of the quantitative survey, if needed
- Travel to homes of survey respondents
- Conduct in-person backcheck surveys with all assigned respondents in accordance with IPA and project data collection protocols
- Comply with daily productivity targets to ensure the completion of the target number of completed

surveys within the specified data collection period.

- Report discrepancies and/or other potential / observed issues to the FC and RA.
- Comply with IPA finance protocols and submit all required documents in a timely manner.
- Assist in RA/FM in other data collection tasks needed to ensure quality of data collected.

Qualifications

Required

- Experience conducting one-on-one quantitative surveys preferably through face-to-face and/or phone interviews using SurveyCTO and/or other computer-assisted telephone interviewing (CATI).
- Fluent in Bisaya spoken in Davao to effectively communicate with respondents, and Filipino and English to effectively communicate with the Research team.
- Detail-oriented and able to a) consistently follow instructions, b) identify and communicate errors and issues during data collection, c) comply with financial and other project-related processes and requirements.
- Flexible and able to keep up with adjustments to survey protocols implemented as needed
- Willing to travel to Davao Oriental and/or Davao del Norte
- Access to reliable and strong cell and mobile data reception
- Tech savvy or computer literate and able to effectively use basic software including Microsoft Word, Excel and Powerpoint, Google Docs, Google Sheets, Box, Adobe Acrobat and communication applications like Viber and Google Meet.

Preferred

About IPA

Innovations for Poverty Action (IPA) is a research and policy nonprofit that discovers and promotes effective solutions to global poverty problems. IPA brings together researchers and decision-makers to design, rigorously evaluate, and refine these solutions and their applications, ensuring that the evidence created is used to improve the lives of the world's poor. In recent decades, trillions of dollars have been spent on programs designed to reduce global poverty, but clear evidence of which programs succeed is rare, and when evidence does exist, decision-makers often do not know about it. IPA exists to bring together leading researchers and these decision-makers to ensure that the evidence we create leads to a tangible impact on the world. Since its founding in 2002, IPA has worked with over 600 leading academics to conduct over 900 evaluations in 52 countries. This research has informed hundreds of successful programs that now impact millions of individuals worldwide.

IPA's Commitment to Diversity, Equity, & Inclusion (DEI)

As an organization, IPA is dedicated to improving the lives of the world's most vulnerable populations through evidence and policy. We also recognize how important it is for our staff to reflect the diversity of the places where we work and the communities we work with. As such, IPA is committed to hiring from a diverse pool of candidates, from a range of backgrounds, beliefs, experiences, and perspectives. We know that this makes our work stronger and more responsive to the challenges faced by those we work with and for and we encourage people from historically underrepresented groups to apply.
