In Science, IPA Researchers Talk COVID Response in LMICs

Science's policy forum includes reflections from several prominent IPA-affiliated researchers on the impacts of COVID-19 in low- and middle-income countries (LMICs) and how to best address them. IPA's [Shana Warren](#) writes about higher willingness to get COVID vaccines in LMICs compared to high-income countries, including [a large-scale survey](#) conducted by IPA and over 30 other institutions of nearly 45,000 people in 12 countries.
