

Conceptual muddle

Defining agency

- Improving women's agency is crucial for advancing gender equality and the empowerment of women.
- **Definition:** The ability to define one's goals and act on them
- Requires understanding:
 - (1) Goal-setting capacity
 - (2) Perceived control and ability ("sense of agency")
 - (3) Ability to act on goals ← decision making

Her decision making power correlates with proxies of bargaining power (and he agrees)

	Wife says she is the main decision maker/decision- making is joint (1)	Husband says wife is the main decision maker/decision-making is joint (2)
